Calling All Volunteers

Could you spare a little time to help make Bathampton Village Show a success? We're looking for volunteers to help before and on Show Day and every bit of help counts. Whether you can spare half an hour or several hours, there's a role for you.

You could be serving tea and cake, selling raffle tickets, cooking burgers on the BBQ, helping the judges, running the tombola, setting up tables or packing down. Better still, why not ask a friend or family member to join you?

If you think you can help in any way, please get in touch with Penny (**07854 371456** or **pennywindebank@hotmail.com**). We'd be delighted to hear from you!

Flapjack Recipe for Division H, Class 18

Ingredients:

3oz (75g) Butter, plus extra to grease

2oz (50g) Light Muscovado Sugar

6oz (175g) Rolled Oats

2 tbsp (30ml) Golden Syrup

Method:

1. Grease a shallow 7" (18cm) square cake tin. Put the rolled oats into a large bowl and set aside.
2. Put the butter, sugar and golden syrup into a heavy-based pan over a low heat until the butter has melted and the mixture is smooth.
3. Pour the syrup mixture on to the rolled oats and mix thoroughly. Turn into the prepared tin and press well down with the back of a spoon.
4. Bake at 180°C (160°C fan oven), mark 4 for about 20 minutes until golden brown. Leave to cool slightly in the tin, then mark into fingers with a sharp knife and loosen the edges.
5. When firm, remove from the tin and transfer to a wire rack to cool, then break into fingers.

Oven times are approximate and should be adjusted based on your oven.

HOLIDAY COTTAGES

If entering Division O or P Class 4 you should choose 3 of the 6 animal facts below and write them in your neatest handwriting.

Those entering Division Q Class 4 should also illustrate your chosen facts.

Tarsiers have the biggest eyes relative to their body size of any mammal: each eye is nearly as big as its brain.

Snails kept in fishtanks have fun by riding bubbles to the top of the tank and floating down – it's called parasnailing.

Bearded Vultures look rusty because they bathe themselves in red clay to look more attractive to a mate.

Tarantulas keep pet frogs to eat bugs that would damage the spider's eggs, and in turn the spider protects the frog.

Male Gentoo and Adelie Penguins propose to females with a pebble; if accepted the pair bond for life.

Sea Otters hold hands when they sleep in the water so that they don't drift apart from each other.
